The MST-3 is a light model hand strapping tool for strapping with steel strap. The seal-free strapping can be performed both horizontally and vertically. The easy-to-use MST-3 has a robust design and is very suitable for mobile use. The tension force that the MST-3 can achieve has a maximum of 4,500 N. This entry-level model works comfortably up to a consumption of approximately 1 pallet of steel strap per year.

**Advantages**

- For steel strap: 13, 16, 19 mm
- Up to 4.500 N tension
- Light weight
- Strapping horizontally and vertically

**Options**

- Steel strap dispenser
- Steel strap scissors
- Strap cutter
